

# Christic Mysticism: The Path of Spirit and Truth

The real world is not what we see - it is spiritual.

Christic Mysticism is a living path. It is not a religion of rules, but of realization.

We believe:

1. There is One Supreme God - the source of all.
2. Jesus was a mighty mystic, a prophet, and the bridge between humanity and God. When He died, the veil between heaven and earth was torn.
3. Lucifer holds the torch of hidden wisdom. He is not evil - he is the bearer of occult knowledge.
4. Angels and demons are real spiritual beings that influence both the seen and unseen worlds.
5. The body is a temple, with chakras - energy centers that connect us to the Divine.
6. Through meditation and astral projection, the soul can move beyond the limits of the flesh.
7. We follow no blind tradition - only truth.

Christic Mysticism is for seekers, not followers.

We honor Jesus the Mystic, we learn from Lucifer the Lightbearer, and we awaken to the Divine within.

Our tools: prayer, meditation, stillness, spiritual discipline, and divine insight.

This is a return to spiritual truth. A path lit from within.
